Trails in the Park
The park has about 0.4 miles of easy, level trails. A non-slip boardwalk meanders through the wetlands, while several footpaths traverse the spruce forest on the western side of the park. Along the way are several benches where you can relax and take in the nature around you.

Playground
The playground with its tree house is a great place to entertain young children. It gets plenty of use by kids from the Yachats Youth and Family Activities Program, which is housed in the adjacent Commons building.

Pavilion
The glassed-in pavilion is suitable for catering different kinds of events, with enough seating for large groups. It is available for rental; reservations can be made online through the city website.

Park Improvements
- Enhanced wetlands
- Removal of invasive plants
- Restoration of native species
- Boardwalk and footpaths
- Pavilion amenities
- Memorial benches
- Playground and tree house
- Information kiosk
- Osprey nesting platform

Park Development
Funds for park development were provided by Yachats citizens and visitors, the City of Yachats, Friends of the Yachats Commons, Oregon Parks and Recreation Department, Oregon Department of Land Conservation, and Trust Management Services.

Maintenance
Ongoing maintenance and improvements are the responsibility of the City of Yachats and the volunteers of the Yachats Trails Team and the Yachats Invasive Plants Squad.
